STREAMLINE PHOTOGRAPHY OFFERS NEW YEAR'S PACKAGES

WHITE LAKE, MI — 2010 is sure to be an exciting year for many, and local photographer Kasia Rothe, owner of Streamline Photography, is available to capture your year's most unforgettable moments. Streamline Photography specializes in wedding and senior picture photography and has been capturing unforgettable moments for over seven years.

"I honor traditional values with an un-traditional approach when photographing each event," says Rothe. "As a wedding photographer, I focus on telling the entire story. This means capturing events both planned and unplanned, as sometimes it's those unexpected moments that make the most beautiful photographs."

To kick-start 2010, Streamline Photography is offering the following New Year's incentives:

- Complimentary engagement session with all wedding packages
- CD-only packages for wedding couples interested only in high-resolution pictures
- 30% off all senior picture packages or a \$50 credit towards additional re-prints
- All packages now include additional photos at very competitive rates

"Senior pictures showcase a special moment in a teenager's life," states Rothe. "For seniors, it signifies the closing of one chapter and the beginning of something new. Thus, I work to capture their unique personality and style in a comfortable atmosphere."

Kasia resides with her husband and son in White Lake, Michigan. For more information or to hire Streamline Photography, visit www.streamlinephoto.com or call (248) 802-5242.
